## Brought Here for Burial.

Mrs. Adeline Hughes, who died early Friday morning at the home of her daughter, Mrs. Flora Dulin, Nevada, Missouri, was brought here Saturday for burial. Mrs. Hughes formerly lived in Lexington. Her first husband was James S. Lightner, a widely known merchant of this city in the early sixties. Mr. Lightner met his death here on a steamboat during the war. Her second husband was James Hughes, of Richmond. She is survived by a son and daughter, James Lightner, of Chicago, and Mrs. Flora Dulin, of Nevada.

## Forest Notes.

Washington stands first in lumber production, with Louisiana second.

It is said that 90,000,000 broom handles are used annually in the United States; one for each man, woman and child.

The lands burned over during the terrible fires on the Idaho national forests in 1910 are now largely covered with a thick growth of young tree seedlings, by natural reseeding.

Manufacturers of artificial limbs are seeking substitutes for English willow, used because of its combined lightness and strength. It is claimed that the Port Orford cedar to the Pacific Coast will prove equally serviceable.

In the open yellow pine forests of Washington and Oregon a collapsible plow is being used in digging fire lines to stop surface fires. The plow can be dismantled and folded into a compact form, so that it can be packed on horseback, and weighs only 40 pounds. When in use, one man with a horse can do the work of 20 or more men working with shovels.

Try a can of Fly Pest for your horses or cows. Jos. L. Long.

William Steele went to Kansas City Wednesday to spend the day.

Frank Bowers has bought the White Brothers' suburban home east of Lexington. Consideration \$7,750.

Mrs. B. F. Grogan of Pueblo, Colorado, went to Higginsville Tuesday evening after a visit here with Mrs. Chas. Gaffin.

## State Fair Features.

As the time draws near for the Thirteenth Annual Missouri State Fair the patriotic feeling of Missourians is inducing them to bend every effort for its success.

Following in the trail of the Implement Dealers and Editors, the Real Estate men of Missouri have decided to come to the State Fair city to form their state organization. H. A. Spencer, publisher of the "Real Estate Bulletin," Kansas City, has issued call for a meeting at the court house in Sedalia, Tuesday evening, to perfect the organization. Over a thousand dealers have been invited to be present and combine a trip to the Blue Ribbon Fair with this forward step for the real estate business in Missouri.

The Missouri Checker Association has also arranged to hold its first annual championship tournament under the auspices of the Fair. The matches, which will be played in the Art Hall, will last throughout the week and several noted players will take part. Among them will be Harry Lieberman, juvenile champion of the world and Professor P. B. Perry, the live wire of the Missouri Association.

Among the attractive features of the big Fair the Art Show stands out as one of the best. Dr. John Pickard has assembled in the beautiful halls of the Woman's Building the largest and finest exhibition of Missouri art ever gathered together. All of the leading artists of the state have contributed to this wonderful collection which is far above any ever shown on any state fair grounds. Paintings, etchings, wood carving and statuary, grand beyond words, occupy every inch of available space.

As novel as the art show is the race course immediately after the running races on the afternoon of Governor's Day, Thursday. All fox and wolf dogs owned by Missourians are eligible and no entry fee is charged for the race which is to be one mile. Five prizes are offered for the event and four well known authorities on fox chases will act as judges. It will bring up thoughts of the old days when the rich tones sent up by the pack reverberate through the October air.

This State Fair at Sedalia, September 27-October 3, is Missourian in every fibre, so your Missouri patriotism bids you to be there.

## Resolutions.

Sept. 19, 1913.

Resolutions adopted by the Lexington Ministerial Alliance: Whereas our Bro. C. M. Davenport, is about to leave Lexington for other fields of labor we desire to express our regret at his leaving. Bro. Davenport has been the efficient and beloved pastor of the Methodist Church in our city for three years and President of the Alliance for two years.

Bro. Davenport has conducted himself as a genial Christian gentleman, and while serving his own church with loyalty and zeal has always maintained a most friendly attitude to any interdenominational movement. His influence has always been for any civic or social uplift. His work as a minister has been characterized by consecration and ability, and we are happy to unite in this commendation, and do most sincerely wish for him and his family The Father's choicest blessings in their new field.

Warren P. Clark, Pres.  
S. Boyd White, Sec.-Treas.

## Card of Thanks.

We wish to express our heartfelt thanks to our many kind friends and neighbors for their sympathy and kindness shown us during the illness and death of our beloved wife, daughter and sister, Katie E. Wallace; also for the beautiful floral offerings.

Earl Wallace and Mrs. Katie Franciskato and family.

Steel & Petering moved their barber shop Monday evening from their old quarters on Franklin street to the room formerly occupied by Capt. Joe Wilson & Brother, on Main street.

## For Sale.

Goods boxes, all sizes, suitable for storing grain, apples, potatoes for the winter. Prices low to move them at once.

## Taking a Run in the Country

It is plain to be seen that many of the farmers hereabouts could use some Lumber to good advantage. Some need a new barn—others a corn crib or granary—while many other buildings can stand some needed repairs.

How is it with you, Mr. Reader—anything lacking about your place? If so, better let us fit you out with what Lumber you need—AT ONCE. We have lots of good common lumber that is just the thing for building sheds, barns or granaries, and if you can use some, here's your chance to get it at right prices.

Of course, we have the better grades of Lumber too, if you want any, as well as everything else in Building Material.
